Summary:

you tease hopper

there's no regrets, i just thought it was fun

Hopper's done something wrong in another life, of this he's sure. If the regular presence of monsters in his town hadn't convinced him, the way you refuse to keep your distance from his cock—even in the crowded mall.

It's in the way you bend over, angling yourself so your ass rubs against him. It's the way you sneak past him, body pressed firmly against his, even when you have plenty of room.

After what feels like the hundredth time, Hopper grabs your hip with one hand—fingers digging in. His other arm wrapping around your waist and holding you to him.

“Whatdda you think you're doing?” He rasps.

You roll your hips, ass pressing against his straining length. He watches your shoulders shrug. “Nothing.”

He breaths a chuckle, rocks his hips forward and lets you feel him. “You're doing somethin'.”

You hum, start up a pattern with the way your ass moves back and forth. You set down the shirt you had been looking at, hand coming up, settling on his forearm. “Doesn't seem like you mind too much.”

Hopper's head falls to the crook of your neck, ragged sigh escaping him. “You about done here?”

You turn in his grip, arms wrapping around his neck. Leaning in, you kiss him soundly. “I thought you'd never ask.”
